

MODELLING

PREDINNER LECTURE SERIES

The TRA 1 Modelling PreDinner / Brownbag Series aims to inform members about funded projects and ongoing research as well as to promote & facilitate collaboration and networking within the TRA.

Instead of a hard-to-schedule full-day workshop, we opt for a "Brownbag & PreDinner" format: meet us for a casual research talk either during lunch break (i.e., at Brownbag time) or before dinner starts (i.e., at PreDinner-time).

This year we have a mix of talks from funded projects in all areas of TRA Modelling.

Happy collaboration!

TRA 1 PreDINNER/BROWNBAG 2020

TRA 1 PreDinner:

WED, SEPTEMBER 23, 2020

5:00-6:00PM

"OpenSourceEconomics"

Prof. Philipp Eisenhauer (Institute of Applied Microeconomics)

MON, OCTOBER 12, 2020

5:00-6:00PM

"UNCOVER: Uncertainty Quantification on COVID-19 Epidemiological Models"

Dr. Dilan Pathirana & Elba Raimúndez Álvarez (IRU Mathematics and Life Sciences)

WED, OCTOBER 21, 2020

5:00-6:00PM

"CiliaQ, Digitalization of software applications"

Prof. Dagmar Wachten (Institute of Innate Immunity)

MON, OCTOBER 26, 2020

5:00-6:00PM

"Naproche – Natural Language Proof Checking"

Prof. Peter Koepke (Mathematical Institute)

TRA 1 Brownbag:

THU, OCTOBER 08, 2020

12:00-1:00PM

"Establishment of computational methods for spatially-resolved deep profiling of biological tissues"

Prof. Jan Hasenauer (IRU Mathematics and Life Sciences), Prof. Michael Hölzel (Institute of Experimental Oncology) & Prof. Marieta Toma (Institute of Experimental Pathology)

THU, OCTOBER 22, 2020

12:00-1:00PM

"Algorithmic Data Analytics for Geodesy"

Prof. Petra Mutzel (Institute of Computer Science) & Prof. Jan-Henrik Haurert (Institute of Geodesy and Geoinformation)
