

Exploring the Intersection of Heritage Studies and ArchaeoSciences

7-8 November 2024

9:00 to 17:30

Römerstraße 164, Bonn

Sharing solutions. Sharing visions.

For two days, more than 15 contributions from 30 researchers worldwide will explore the fascinating and complex intersection of Natural Sciences and Heritage Studies. What does the future hold for these fields? What obstacles must we address? How can we achieve our goals?
