GHL Seminar Series

23.01. | 16:00-18:00

Poststraße 26 | 1st Floor | 53111 Bonn

Book launch: "Collections as Relations"

Relations between and among objects and media, people, and material and immaterial contexts provide a unique conceptual entry point for understanding collections and their contested pasts, presents, and futures. Can they define, configure, and potentially transform collection-related social and professional networks, discourses and practices? Can they reshape museums and other collecting institutions themselves?
