

The **Cluster of Excellence Hausdorff Center for Mathematics** at the University of Bonn combines researches in Theoretical and Applied Mathematics, and Mathematical Economics. In this framework, the university looks forward to filling

one Hausdorff Chair which corresponds to full professorship with tenure

The position will be devoted to Theoretical Mathematics. There are no further specifications concerning the scientific direction.

We seek internationally outstanding scientists who fit into the broad spectrum of the Cluster of Excellence. Pertinent teaching experience and participation in all phases of studies in German or English is expected. Knowledge of the German language is not required.

The University of Bonn actively supports diversity and equal opportunities. The University of Bonn has been certified as a family-friendly university and offers a dual career-service. Its aim is to increase the proportion of women in those fields in which women are underrepresented and to place a special focus on promoting their careers. Therefore, the university specifically requests applications from suitably qualified female scientists. Applications will be handled in accordance with the Equal Opportunities Act of North Rhine-Westphalia. Applications from suitably qualified people with severe disabilities that have already been verified or from people with an equivalent status will be particularly welcomed.

The application deadline is **March 15, 2025**. The committee withholds the right to consider later applications. Applications in German or English language accompanied by supporting documentation (curriculum vitae, letter of interest, list of publications, teaching activities, certificates) should be submitted in **electronic form as a single pdf-file** to the joint hiring committee of the involved faculties
